

## London Borough of Enfield

# Health and Safety Policy

## **Adopted by the Governors of Tottenham Infant School November 2019**

**This plan will be amended according to legislation / changes to better practice and will be updated as and when required.**

### **Governing Body**

This policy supplements and should be read in conjunction with the London Borough of Enfield, Schools Health Safety Framework Policy. It lays down the local organisation and arrangements established by the governing body to implement that policy.

The governing body is committed to high standards of health, safety and wellbeing and will take all reasonable steps to ensure the Schools and Children's Services Health and Safety Framework Policy, and its health and safety procedures e.g. Health and Safety documents available on Fronter, Fire Log Book, Responsible Persons Premises Log etc are implemented. In view of this, the school's own safety policy has been

devised to complement that of the Local Authority and provide those details that a Local Authority policy cannot.

**The governing body recognises its responsibilities as set out in the Local Management of Schools Scheme. We will endeavour to ensure the Schools and Children's Services department's Framework policy is implemented with regard to:**

- a safe and healthy working environment with adequate control of health and safety risks arising out of the school's activities
- an effective local organisation to implement the policy
- full consultation with staff on matters affecting their health and safety
- effective communication throughout the school on health and safety matters
- provision of information, instruction and supervision
- ensuring staff are competent to carry out their work and meet their health and safety responsibilities; and the provision of adequate training and development
- obtaining competent advice when that is not available within the school
- risk assessments are undertaken, and the necessary controls implemented
- the effective management of contractors
- effective monitoring and review of the implementation of the policy and health and safety performance adequate resources to implement this policy

The governing body will review this policy annually.

Signed:

Chair of Governors

Date 26.11.19

## Responsibilities

### Head

The Head is responsible for the overall implementation of this policy throughout the school. This includes day-to-day responsibility for maintenance and development of safe working practices and conditions for all staff, pupils, visitors and any other person using the premises or undertaking activities under the school's control. In particular, the Head will:

  - (v) including health and safety in staff appraisals
- (j) reporting any health and safety issues which cannot be resolved to the health and safety coordinator/Head.

### **All members of staff**

All members of staff are responsible for:

- (a) taking care of their own health and safety and the health and safety of others affected by their actions
- (b) co-operating with the governing body by following the schools safe working procedures and meeting responsibilities laid down in this policy
- (c) reporting health and safety hazards and any inadequacies they identify in health and safety procedures to their line manager or the school health and safety coordinator
- (d) undertaking any health and safety training/development identified as necessary
- (e) using work equipment in accordance with safe working procedures, instructions and training
- (f) not making unauthorised or improper use of equipment
- (g) ensuring a risk assessment is undertaken when carrying out projects or new activities
- (h) reporting health and safety incidents, and near misses, in accordance with the schools reporting procedures.

### **Safety representatives**

Safety representatives do not have responsibilities under this policy. However, they have functions as laid down in the Safety Representatives and Safety Committees Regulations 1977 (SI 1977 No. 500). Reasonable time will be provided to enable safety representatives to carry out their functions subject to the exigencies of the service. This should be arranged with their line manager and the health and safety coordinator.

Where no union representation for safety is available under the Safety Representatives and Safety Committees Regulations 1977, the Health and Safety (Consultation with Employees) Regulations 1996 will apply and employees will be consulted directly as individuals, or through **elected** health and safety representatives (known as “representatives of employee safety” in the Regulations), or a combination of the two.

# **ARRANGEMENTS FOR IMPLEMENTING THE POLICY**

## **Consultation with Staff**

### **Health and safety committee**

There is an established health and safety committee for Schools and Children's Services, which meets termly. It is chaired by the Chief Education Officer and includes management representatives and safety representatives elected by the staff. The committee facilitates consultation on schools issues, such as policy, strategy and guidance. It is also a forum where safety representatives can raise issues concerning health and safety and where unresolved issues can be addressed.

### **Local consultation**

Line managers will consult directly with staff on health and safety issues relevant to a particular department or work area.

There is an established health and safety committee for the school, which meets termly. It is chaired by the Head Teacher and includes management representatives and safety representatives elected by the staff. The committee facilitates consultation on local schools issues, such as policy, strategy and codes of practice. It is also a forum where safety representatives can raise issues concerning health and safety and where unresolved issues can be addressed

### **Health and Safety Procedures**

The Schools Health and Safety Team has drawn up health and safety procedures and arrangements covering school-wide issues. These include the Health and Safety Framework Policy, Health and Safety Policies and health and safety guidance and procedures as found in the Health and Safety section on Fronter), Fire Log Book, Responsible Persons Premises Log etc.

Further procedures following required control measures for the school are drawn up locally following risk assessment.

### **Educational visits**

The role of the educational visits coordinator, arrangements for seeking approval - both within the school and where appropriate from the LA, planning and safety during the visit, pre-visits, staff ratios, etc is covered in the 'Guidance for off-site Visits and Related Activities with EVOLVE, issued by the LA.

## **Fire and emergency procedures**

The roles of all staff; how the evacuation will be conducted; arrangements for ensuring everyone has left the building etc are derived from risk assessment and follow from guidance in the Fire Log Book

## **Risk Assessments**

The health and safety procedures referred to above were drawn up on the basis of an assessment of the risks. Some require further detailed assessment of the activity (e.g. display screen equipment, educational visits); in these cases, the relevant member of staff must undertake the assessment. Others are generic risk assessments and where activities comply with the assessment there is no need to record a separate assessment. Where an activity differs from the generic assessment, the person responsible for the activity must ensure there is a re-assessment to account for these variations. Where this is minor it may be no more than adding a simple local variation to the generic assessment.

Heads of department and other line managers are responsible for ensuring risk assessments are drawn up and implemented for activities carried out under their area of control. For many such activities, line managers should arrange for a departmental health and safety procedure to be drawn up as a generic assessment, although, again, local variations may be needed when it is necessary to deviate from the generic assessment.

Formats for general risk assessment are available from the school's policy and guidance on risk assessment and includes specific guidance and advice e.g pupil risk assessment is available from the Schools Health and Safety section on Fronter.
